RE: Equipment Breakdown Coverage

Mutual of Wausau offers Equipment Breakdown coverage in our Homeowner and Farmowner programs as an optional endorsement to the policy. This coverage enhancement helps to protect your clients from expensive equipment breakdown costs caused by mechanical, electrical or pressure failures. The cost for this coverage is just cents per dollar, based on the coverage limits, so it is very affordable.

We have provided an information/marketing sheet for the Equipment Breakdown coverage for you and your clients on our Website. It can be accessed by selecting the Products tab from the Home Page. Then click on either the Preferred Homeowner, Homeowner, Preferred Farmowner or Farmowner selections. Scroll down to the “Optional Coverage” section of the sheet to the Equipment Breakdown line and then click “here” for more information. The Equipment Breakdown marketing sheet can be printed and given to your client for a further explanation of the coverage.

To quote this coverage in our BriteCore rating system, please select “Equipment Breakdown” in the Homeowner Property section of the quoting system or the “Additional Coverages, Discounts and Surcharges” section of the Farmowner quoting system.

**\*\*\*Important Quote Reminder\*\*\***

**The Equipment Breakdown coverage endorsement must be added to each insured location on a policy where there are any contents, farm personal property and/or structures insured at that location.**

If you have any questions on Equipment Breakdown, please contact your Underwriter at Mutual of Wausau.
